After seeing "Peng", "small" for everyone to pre exposure "Nike Zoom Soldier 8", "Sao powder" Nike LeBron Zoom Soldier 8 also followed, recently, the network has exposed third new color matching. Can be seen from the picture, ZOOM AIR still uses a forefoot cushion, vamp uses Hyperfuse to create dynamic Flywire, collocation fly line to provide support for good design, the Velcro is retained. The soldiers of the Soldier series has been a good practical performance and price to win a lot of fans, but due to the recent continuous improvement of LeBron 11 which is more suitable for the foot of James, also let frequently accompany James play NBA, I believe there will be more color will have emerged.

I wonder if you are still immersed in the special edition of the Nike LeBron 11 Wedding wedding released yesterday, and today, another special edition of LeBron 11 is quietly landing on eBay. Perhaps the Nike design team in the popular science fiction masterpiece "Transformers" in the hornet prototype, the black and yellow dress up as the LeBron 11, in the intersection of black and yellow ink clever way to transition, finally with the crystal outsole, plus original shoe design and is not. The engine is very fierce and well?
